OM SONGIRE

Generative AI & LLM Applications | AI/ML | DevOps | Cloud Systems

Nashik, Maharashtra, India | LinkedIn: linkedin.com/in/omsongire | GitHub: github.com/Omsongire23 | Email: omsongire23@gmail.com

PROFESSIONAL SUMMARY

Computer Engineering undergraduate focused on Generative AI, Retrieval-Augmented Generation (RAG), and cloud-native DevOps. Passionate community leader with proven impact organizing 6+ technical workshops and empowering 1,000+ developers across GDG Nashik, ML Nashik, and Grafana & Friends Mumbai.

TECHNICAL SKILLS

Languages & Core: Python, JavaScript, TypeScript, SQL, Bash/Shell, C++, Git, Linux
Generative AI & LLMs: Google Gemini API, RAG, LangChain, Sentence Transformers, ChromaDB, FAISS, Prompt Engineering
Machine Learning & Data: scikit-learn, Pandas, NumPy, OpenCV, Feature Engineering, Exploratory Data Analysis
DevOps & Cloud: Docker, Kubernetes, AWS (EC2, S3), Jenkins, GitHub Actions, Linux Administration, CI/CD Pipelines
Frameworks & Tools: FastAPI, React, Node.js, Playwright, Tailwind CSS, Postman, VS Code, Vite

EXPERIENCE

DevOps Intern - Deboistech IT Solutions June 2026 - September 2026 / Remote

- Engineered automated CI/CD deployment pipelines using GitHub Actions and Jenkins, cutting delivery turnaround time.
- Administered containerized services via Docker and Kubernetes clusters on AWS infrastructure with high availability.
- Configured infrastructure monitoring pipelines and performed feature engineering on operational metrics for anomaly detection.
- Automated operational workflows using Linux bash scripts, enhancing reliability and reducing human overhead.

Machine Learning Intern - Edunet Foundation (IBM SkillsBuild) January 2025 - March 2025 / Remote

- Trained predictive machine learning models using scikit-learn, Pandas, and NumPy for structured benchmark tasks.
- Executed data preprocessing, feature selection, and model cross-validation to maximize classification accuracy.
- Generated technical validation reports and data visualizations communicating key model findings to stakeholders.

SELECTED PROJECTS

VERIQ - Compliance Readiness & Audit Workflow Automation [FastAPI, React, ChromaDB, LangChain, Tailwind CSS]

- Built an AI audit assistant validating enterprise compliance documents against regulatory frameworks with semantic search.
- Integrated ChromaDB vector store for automated evidence mapping and clause verification with contextual citations.

APPEX AI Test Framework - Autonomous Playwright QA Automation [Python, Playwright, LLM Agents, PyTest]

- Architected an automated testing engine leveraging LLMs to parse acceptance criteria and synthesize resilient Playwright scripts.
- Created self-healing selector routines that dynamically recover from UI mutations during continuous regression runs.

EdutechAssistant - RAG-Powered Interactive AI Tutor [Python, Google Gemini API, LangChain, FAISS]

- Developed a conversational tutor answering student queries grounded strictly in curriculum textbooks with vector retrieval.
- Implemented source citation rendering and adaptive quiz generation using Gemini API and FAISS vector indices.

Digiton - Digital Image Forensics & Tampering Analysis [Python, OpenCV, scikit-learn, NumPy]

- Implemented error level analysis (ELA) and EXIF metadata verification to detect photo splicing, artifacts, and manipulation.

LEADERSHIP & DEVELOPER COMMUNITY

- Core Team Member, Google Developer Groups (GDG) Nashik: Organized DevFests and hands-on AI/Cloud workshops.
- Campus Lead, ML Nashik: Mentored student cohorts in applied machine learning, Python foundations, and model building.
- Co-organizer, Grafana & Friends Mumbai: Assisted community meetups centered on observability and cloud architectures.
- Facilitated 6+ technical workshops empowering over 1,000+ student developers across India.

EDUCATION & CERTIFICATIONS

Bachelor of Engineering (B.E.) in Computer Engineering Graduation: Expected 2026

Nashik, Maharashtra, India | Relevant Coursework: Data Structures, Algorithms, DBMS, Operating Systems, AI/ML, Cloud Computing
Certifications: IBM SkillsBuild AI & Data Science Certification | AWS Cloud Practitioner Essentials | Google GenAI Fundamentals
